

LENS 6 SPOT ON

MADE IN TETTNANG

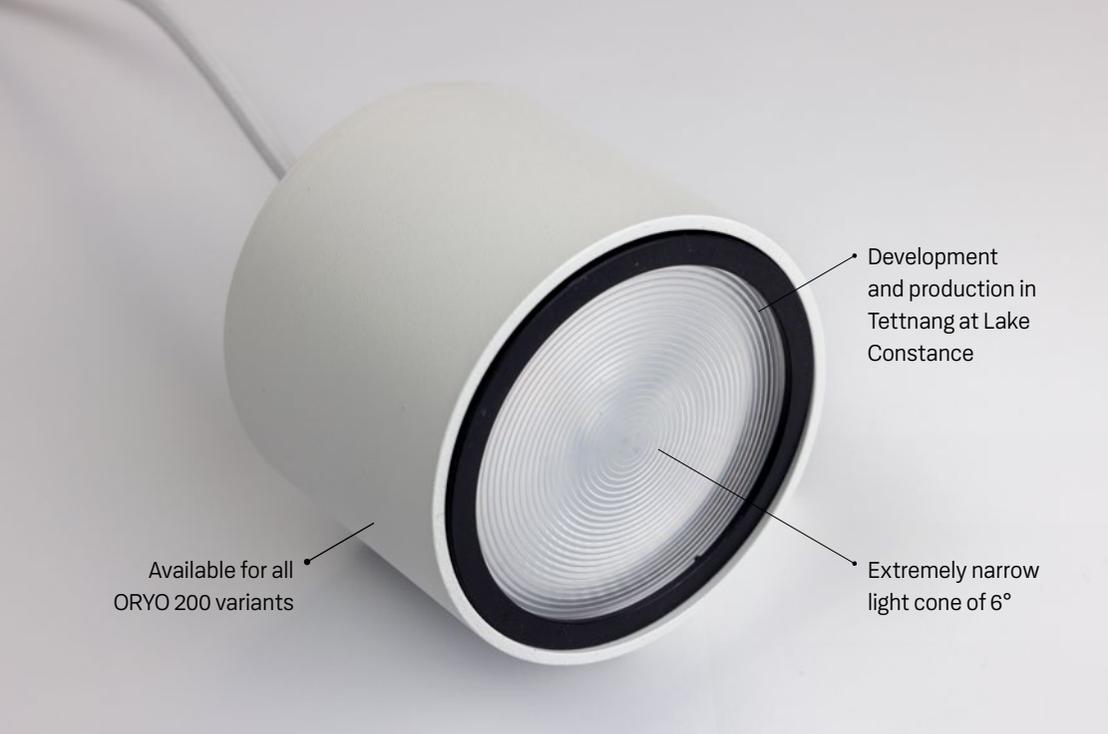

The elegant ORYO 200 spotlight range is upgraded by state-of-the-art lens technology. Lens 6 creates an extremely narrow light beam of 6 degrees and completes the ORYO 200 portfolio with a real accent light.

Lens 6 is particularly suited for mood lighting in the retail and hospitality industry. The innovative lens made by LTS allows to attract maximum attention and, at the same time, provide suspense by setting precise highlights.

LTS

THE INNOVATIVE 6° LENS

LENS 6 FOR ALL ORYO 200 VARIANTS

With Lens 6 and its 6° beam angle, ORYO 200 offers the perfect addition to the 15°, 25° and 45° beam angles. Given the wide range of recessed, pendant or track-mounted luminaire variants, it is easy to accentuate different areas and optimally create various lighting moods. In addition to the narrow-beam 6° spot, the uniform and elegant tapered shape of the ORYO spotlight family catches the eye. Its minimalistic and unobtrusive design easily integrates into existing interior spaces and beautifully highlights products and other objects that want to be seen. ORYO's premium design is completed by efficient output and an extremely good light pattern.
